Brookhaven Renovation Project - Tree Facts

I. 1,873 – Total number of trees surveyed as part of golf course improvement project

2,500 – Approximate number of trees on entire site based on engineer's estimate

II. 684 – Number of trees removed in City of Atlanta

285 – Number of trees removed in Dekalb County

969 – Total number of trees removed

38.8% of trees removed ($969 \div 2500$)

III. Out of **969** removed trees:

- 631 Pines removed

- 338 Hardwoods removed

IV. **634** trees to be replanted (all hardwoods):

- 463 in City of Atlanta

- 171 in Dekalb County

$335 \div 2500 = \underline{13.4\%}$ net tree loss compared to total trees on CCC Brookhaven property ($969 - 634 = 335$)

V. Types of Trees to be Re-Planted

- Willow Oak, White Oak, Red Oak, Southern Magnolia, Red Maple, October Glory Red Maple, Nuttall Oak, Lacebark Elm, Gingko, Dogwood, American Hornbeam, Eastern Redbud, Green Smoketree, Serviceberry

- Sizes will range from 2.5" to 4" caliper
